

ABOUT US

Health and the Environment Journal (HEJ), a peer-reviewed journal of the School of Health Sciences, Universiti Sains Malaysia first published in 2010 in conjunction with the 10th anniversary of its establishment. It is a platform for the dissemination of human health and environment information and research findings from various branches of health sciences. These include biomedicine, forensic science, sports science, dietetics, nutrition, medical radiation, radiography, audiology, speech pathology, nursing, environmental and occupational health, and psychology. Similar submissions dealing with health-oriented aspects of social science are also accepted. This Open Assess online journal operating on an on-line submission and reviewing system welcomes articles on all aspects of human health and environment from local and international researchers.

HEALTH AND THE ENVIRONMENT JOURNAL (HEJ): MISSION STATEMENT

The mission of Health and the Environment Journal (HEJ), the journal of the School of Health Sciences, Universiti Sains Malaysia is to serve as a platform for disseminating observations, findings, and views from various branches of health sciences and health-oriented aspects of social sciences by publishing peer reviewed articles in a balanced, scientific and objective manner.
